The drainage work is rapidly drawing to a close. At the present time the trenching machine is idle on account of having twisted the drive shaft of the conveyor and men have gone to Boise for repairs. The crews that are doing the hand work on the east side of the track will have completed the spurs by the end of the week, and there remains only about a quarter of a mile for the trencher to dig on the main line which should be completed by the first of the month. If they continue to tap large flows of water it will rapidly dry the low parts of the system.

Eight young people from Big Bend presented "All A Mistake", a jolly three-act comedy. Saturday evening at the Kolony school building. Many did not know the play was being given.

An executive meeting of the Parent-Teacher Association was held Saturday afternoon. A Civic League among the pupils was a proposed proposition. This would serve to give the students a responsibility and pride in the care of the school and community. Some of the men of the Kolony have asked for the P. T. A. to sponsor a literary and social evening each month. Plans for this will be made at the next regular meeting which is Friday February fourth.
